

GeoPost strengthens its presence in Spain with the acquisition of SEUR-GRANOLLERS

Paris - Septembre 12, 2006. GeoPost has just acquired the SEUR Granollers franchise (Province of Barcelona).

This operation has taken place through the joint-venture, SEUR GeoPost (60% held by GeoPost and 40% by SEUR SA), which has a turnover for a full 12 months in excess of €230 million.

Following the acquisition of the Baix de Llobregat and Gerona franchises in the first half of the year, SEUR GeoPost now manages seven franchises in Spain: Madrid, Bilbao, Zaragoza, Soria, Gerona, Baix de Llobregat and, as of today, Granollers.

Located to the North of Barcelona, in a zone of high industrial potential, the Granollers franchise, approximately 100 people, has a turnover of almost €20 million per year.

Catalonia therefore asserts its position as one of the centres of key importance for the GeoPost group in Spain.
